

K-LOVE is a very encouraging radio station. I financially support K-LOVE, which in itself, should show you that I believe in its mission.

I feel very fortunate that we can receive K-LOVE on a local level. It is very encouraging for me to know that I can be listening to the same radio station at the same time as friends across the US or across the world.

Although K-LOVE is a national radio station, it seems very personal. When listening to this station, I don't believe

If K-LOVE were displaced by an LPFM broadcaster, we would lose very quality Christian programming. This programming positively affects the lives of people all over the world. It is also very important to have a radio station that I can listen to without being afraid of hearing cursing and sexual connotations over the radio.

Please consider these comments and do not displace K-LOVE with LPFM. Feel free to contact me for further questions or information.
